

Newsletter

It's been another busy week in school with all primary pupils celebrating Science Week with a day of science investigations taking place.

The children rotated around different activities in different year groups to experience a range of science activities including making slime, origami investigations and making a worm hotel!

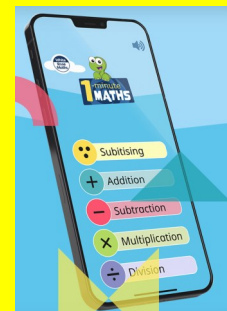

Best wishes
Joanne Clayton
(Head of Primary)

Science Day

New Maths App

White Rose Maths have released a new **1 Minute Maths** app for children in Key Stage 1 to use. It is free to download and covers a range of number topics including multiplication and division.
