- Students should spend 30 - 45 minutes on each subject's homework.
- A variety of homework tasks will be set including written work, research, revision, project work and preparation for future study.
- Students have a journal this year in which they can record their homework to ensure they do not forget to do this.
- To make good progress in their learning it is essential that students complete homework to the best of their ability. Please talk to your child about their homework and support them in organising themselves to ensure homework is handed in on time.
- If students need support with homework, please encourage them to talk to their subject teacher.
- If you have concerns about homework, you should refer these in the first instance to the subject teacher.
