

September 2025

Dear Parent/Carer

To help you support your child in school this year, we are inviting you to a Year 11 information evening, which will take place on **Wednesday 8 October 2025**. The information evening is designed to provide you with the tools you will need to help your child through their most important and demanding school year to date.

The information evening will also allow you to visit a variety of short workshops led by specialist staff. These will cover topics such as How to Revise, Using GCSE Pod, Managing Stress, How to Use Your School Report and Post-16 Options. There will also be subject specific talks led by leaders in maths, English and science.

The evening will run from 5.00pm until 6.00pm, with an introductory talk delivered by staff in the Year 11 Team and senior leadership before the carousel of short workshops outlined above.

Before the information evening starts, we will also be joined in school from 4.00pm until 4.50pm by partners from several local colleges, who will speak to parents and carers and answer questions.

These events are open to both students and parents & carers and we hope to see you there. We would ask that you register your attendance using the link below, so that we can plan for the numbers expected to join us in school:
