Lower Ground Floor

Performing Arts

Geography

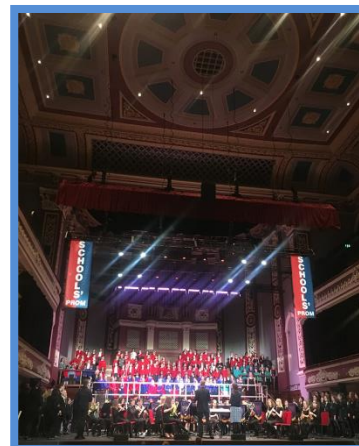

Performing Arts

Located in the performing arts corridor you will find the following:

- Musical performances from our Level 1/2 music students and extra-curricular music performances throughout the evening in PA3
- Live drama rehearsal and workshop in the drama studio with our students from KS4 and drama club in PA7

Geography

Geography can be found in GE2. The activities taking place are:

- Beat the teacher game – identify the country from its flag.
- Pack the bag! Earthquake response game
- A countries facts quiz
- Fantastic place re-created by students
- A showcase of books and textbooks
- A department video
- GCSE syllabus information

Ground Floor

Library

SEND Team (Atrium)

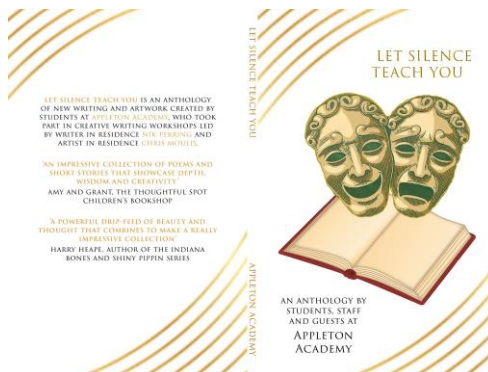

Science

PE

Outdoor Education

Attendance Team (Atrium)

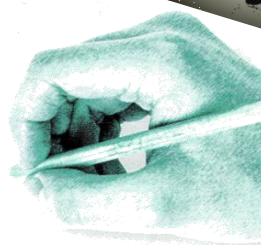

Library

Library Manager, Mrs Parr, will be available in the library to talk about what takes place there during the school day.

She will talk to you about reading and creative writing clubs taking place across the Academy.

Creative Writing.

SEND Team

Miss Wightman (Deputy Head for Inclusion and Learning Support) and Mr Smith (Secondary SENCO) will be located in the student atrium with some SEN information and resources.

They will be available to answer any questions about provision for pupils with particular needs and how, as a school, we integrate and support the learning and success of all students.

Science

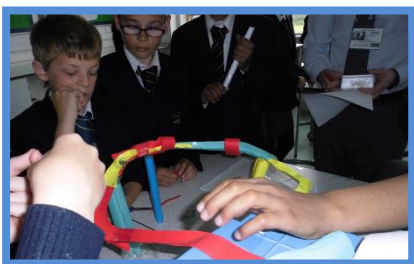

Science is located in SC1 and SC2 where we have exciting experiments taking place.

In SC1 Whizz bang demonstrations!

- Elephants' toothpaste
- Van der Graaf machine
- Methane bubbles

In SC2 Hands on science!

- Heart Dissection
- Identifying chemicals using flame tests
- Testing pH levels

PE and Outdoor Education

PE and Outdoor Education is located in the sports hall and the gym on the first floor.

- Trampolining and climbing wall - 'have a go'
- Display of Duke of Edinburgh, mountain biking and archery
- The gym will also be open to visit

First Floor

Maths

Spanish

English

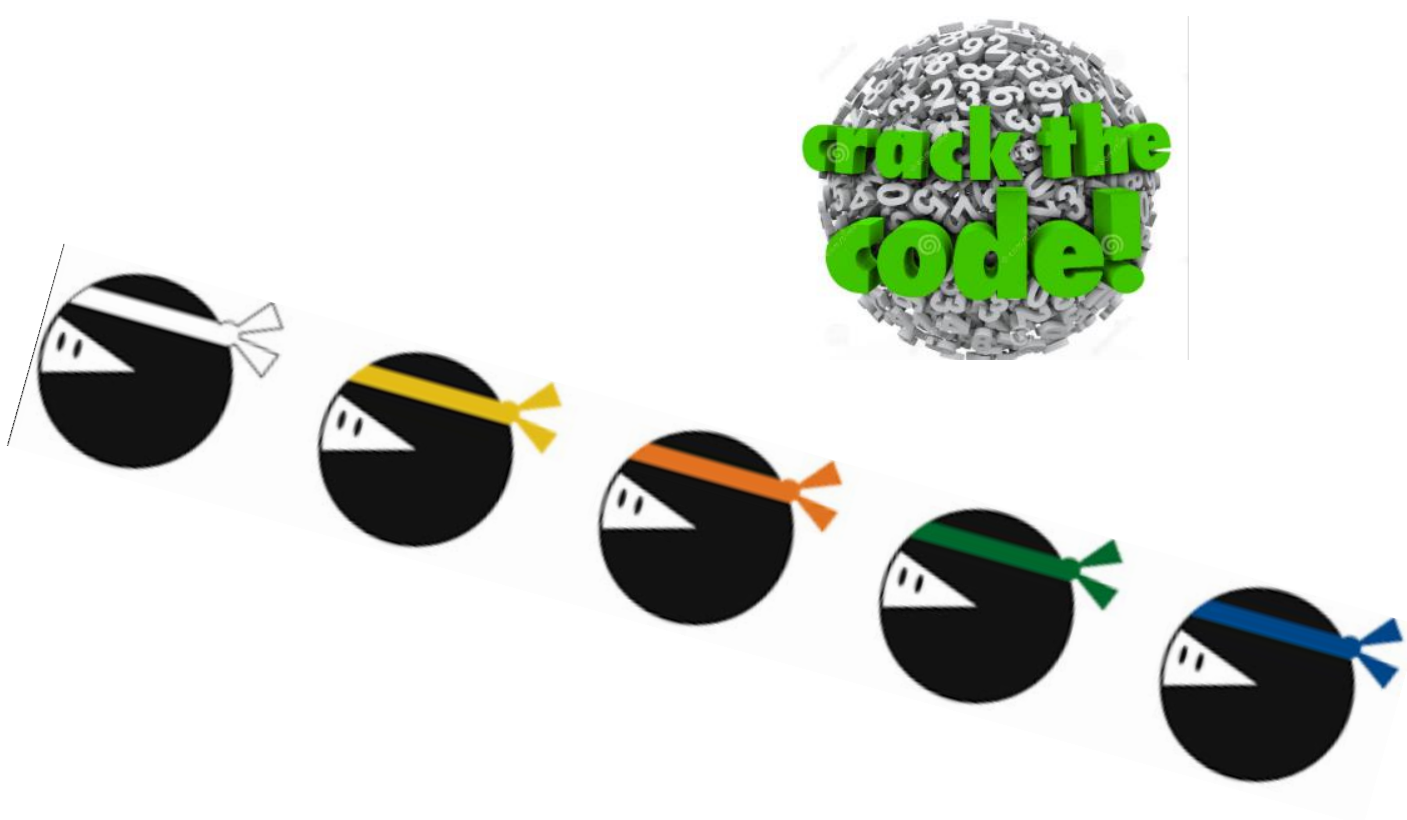

Maths

Head up to the first floor (CO3 and CO4) and visit the maths team who will be demonstrating a variety of different activities used in lessons:

- Interactive maths games
- Problem solving
- Codebreaking
- Beat the teacher
- Numeracy ninjas
- Use of manipulatives to support learners

Examples of pupil work and 'hands on' maths support will also be available in all rooms.

MFL

In GE10 the MFL Department will be running some Spanish games, and you can test your knowledge of Spanish around the world.

Meet our Spanish teachers and practice your language skills.

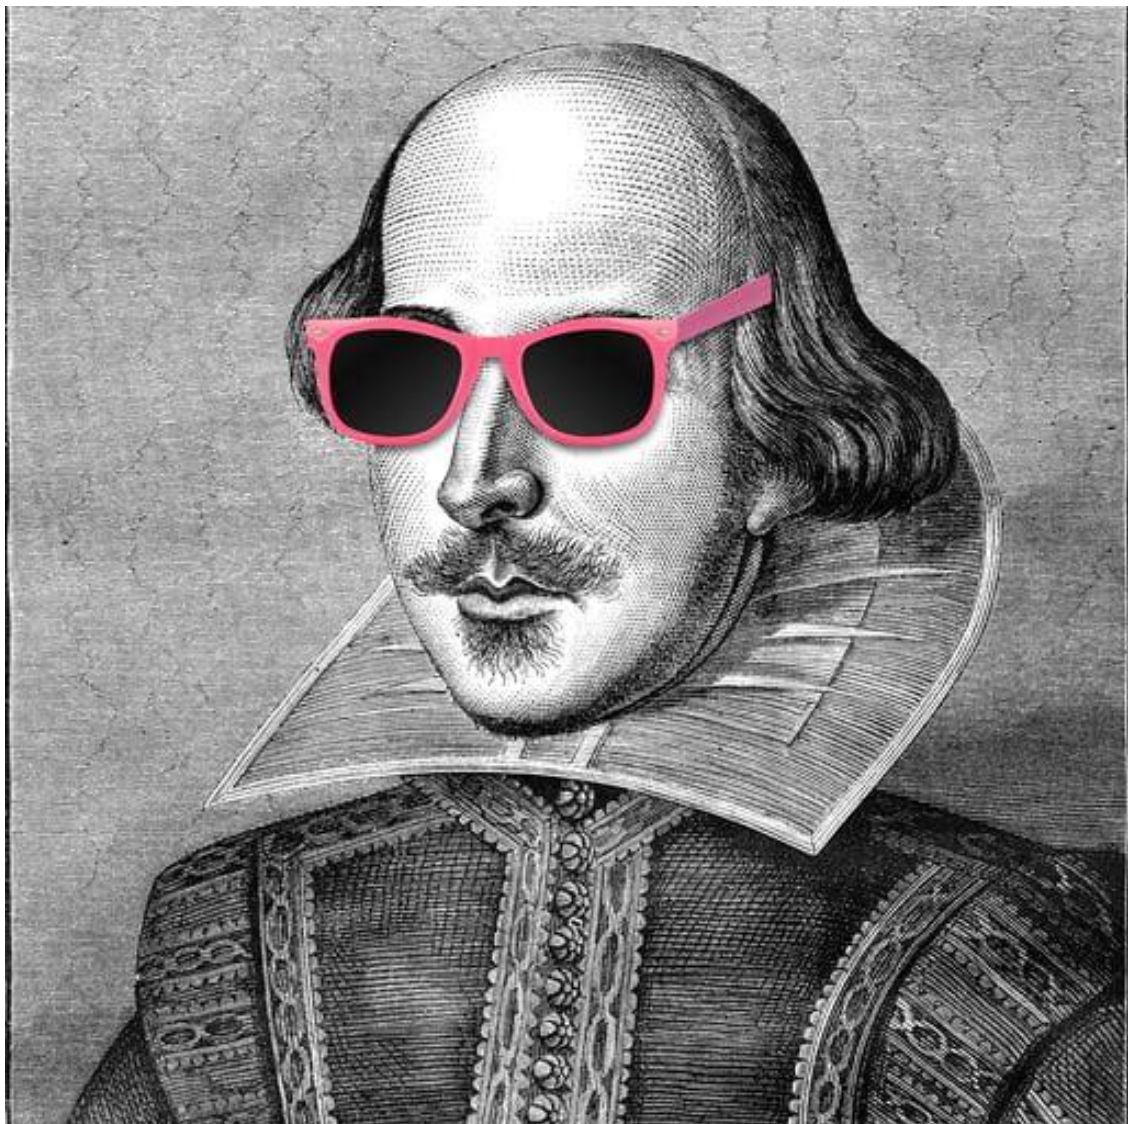

English

In CO5, the English Department will be running a variety of activities, come and have a go:

- The dangers of Victorian childhood - will it kill you?
- Blackout poetry
- Which Greek god are you?
- Shakespeare emoji quiz
- Design a female superhero
- Design a mantelpiece

Second Floor

Art & Design

History

RE & PSHCE

Digital Literacy

Art & Design

Join us in **Product Design 2** (216) on the top floor to take part in our paper aeroplane engineering competition.

In The **Food** room (217) you will be able to make your own mini pizza. Join us throughout the evening and collect your pizza at the end.

In **Art 2** (204) You will be able to have a go at making your own prints, then using rollers and ink to create interesting patterns.

In the **textiles room** (219) come and have a go at tie dye, batik and sewing. You might even pass your sewing machine driving licence.

History

How well do you know your historical pairs? Come and show us! You can also astound us with your knowledge of chronology and key historical figures. As history is all about people, come along and let us know who you think is the most influential person in history.

We're excited to hear all about your favourite piece of history. Come and find us in GE20.

RE & PSHCE

Come along to GE18 to visit RE and PSHCE.

Students will get an opportunity to explore religions in the locality and the world.

Students will also be given the opportunity to participate in colouring in their own mandalas.

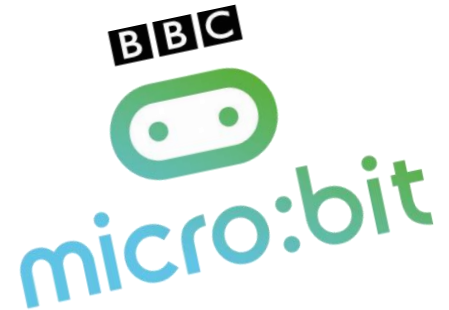

Digital Literacy

Head to our top floor state-of-the-art facilities in IT I

- Micro:bit / Lego Robotics
- Graphic tablet cartoon drawing
- Speed typing competition!
- Showcase of student work

Staff will be on hand to discuss curriculum and faculty subject options.
